

CDSH + DSH

At Global Boiler Services we are expert fabricators for all boiler needs. If you're in need of fabrication of Control Desuperheaters (C-DSH) and Desuperheaters (DSH) for Main boilers in flanged as well as welded versions, we are ready to assist. Our fabricated C-DSH / DSH can be delivered onboard and are ready for installation.

Maintaining your Desuperheater/ Control Desuperheater is crucial to ensure efficient, and safe operation of your Main boiler. And we have many years of experience in inspecting (incl IRIS), repairing, fabricating and replacing Desuperheater/Control Desuperheater units on Main boilers.
