

IGG Repair

Your Inert Gas Generator (IGG) is one of the most integral parts of maintaining safe operation of your vessel.

At Global Boiler Services our service and repair technicians are available worldwide and always ready to carry out service and repair to your IGG plant, to ensure continuous and safe operating conditions.

We can manufacture and supply parts for your IGG plant from all our locations within notice. So no matter where in the world your vessel is located, we are ready to assist.

Our experienced specialists are ready to assist you no matter which type or brand of IGG plant you require help with.

We have an inhouse 3D artist that can design a 3D model, so that the parts fits perfectly to your IGG system.
