About G&O Maritime Group A/S

The Group is a niche sub-system provider in the maritime industry with headquarters in Lyngby, Denmark and 10 locations worldwide at strategic places close to the largest ship- and engine builders. The Group manufactures various niche maritime equipment in four overall business segments: (i) propulsion management, (ii) tank management, (iii) waste & water management, and (iv) service management. Customers include shipowners, ship operators, shipyards and engine designers and builders.
